

Les Grands Chais de France represents a portfolio of over 700 wines. The group itself is still very much a family business with Joseph Helfrich at the helm. Joseph's direction over the last 15 years has been to concentrate on smaller châteaux and domains in six key French regions. The group owns just under 40 such properties covering some 1,512ha of vineyards.

The Helfrich Family.

For the past three generations this family has been prominent in the wine and spirits business in northern Alsace. Grand-father, René begun producing classic Alsatian products, such as classic Alsatian varietal wines.
